

/ Data Sheet

Magnet Separator - Model TXCT

Product Features and Structure:

- A variety of series and models for a wide range of applications
- Stainless steel housing
- Installed in gravity spouting to separate ferrous particles from grain stream
- Hinged magnet core for easy clean out of metal objects
- Laser cutting applies to sheet metal components for quality and accuracy

Technical Parameter

Model	(t/h)Capacity		Inlet and Outlet Diameter (mm)	Weight (kg)	Magnetic Intension (GS)	Height (mm)
	R = 0.5	R = 0.75				
TCXT15	10	15	Ø 150	55	≥3000	600
TCXT20	20	30	Ø 200	801		600
TCXT25	35	50	Ø 250	120		600
TCXT30	45	70	Ø 300	170		720
TCXT40	65	75	Ø 400	225		720
