

/ Data Sheet

Vibro Cleaner - Model TQLZ

Product Features and Structure:

- Modular design for a variety of series and models
- Heavy duty structure for durability and reliability
- User friendly feed adjustment mechanism for easy operation and superior efficiency
- Screen deck structure for fast maintenance
- "Loosing free" vertical screen deck compressing and locking mechanism (Patent: 201020207537.2)
- Adjustable screen deck slope for different applications: 6° 8° 10° 12° 15°
- Screen deck designed with a range of shaking strikes and angles for process flexibility
- Dual motor vibrators driving system
- Laser cutting applies to sheet metal components for quality and accuracy
- Carbon dioxide gas shielded welding workmanship
- CNC machining centres ensure precise fabrication
- Powder coated parts and components for best quality and duration

Technical Parameter

Spec. Model	Screen Size (cm)	Capacity for Wheat (t/h)		Screen Leaning Angle (°)		Vibration Leaning Angle (°)		Swing (mm)	Power (kW)	Weight (kg)	Speed (r/min)	Size (mm)	Air Volume / Pressure (m ³ /min/mmH ₂ O)
		Pre-cleaning	Cleaning	Pre-cleaning	Cleaning	Pre-cleaning	Cleaning						
TQLZ 40x80	40 X 80	3	2	6	6	25	20	4-5	2 x 0.12	190	1140	1256 x 870 x 1070	22 35
TQLZ 60x100	60 X 100	12	4	6	6	25	20	5-5.5	2 x 0.25	360	960	1640 x 1210 x 1322	32 50
TQLZ 100x100	100 X 100	20	7	6	6	25	20	5-5.5	2 x 0.25	420	960	1640 x 1550 x 1382	52 50
